- believed it would rain and flood, destroy earth and flesh never happen before
- believed he and his family would be saved if obeyed
- believed he could do what God commanded build an ark to withstand deadly flood

 - Noah was 600 years old when he entered the ark (Gen. 6:14-21)
 - Shem, Noah's son was 100 years old, after the flood when he fathered a son (Gen. 11:10)
 - since Noah's sons were already married when God commanded him to build the ark (Gen. 6:18), it
 - would have taken much less then a hundred years to build, possibly less than 60 or 70 years
- specs, ark:
 - **450' feet long, 75' wide, 45' high** (calculating with cubit of 18") cubit used probably longer one door, one window, three stories
 - displacement: 45,000+ tons

• - pics: size, difficulty to build in ancient times, daunting task

- suggested remains of ark, near Mt. Ararat, Turkey, surrounded area turned into national Park
- ark replica #1, only ½ the length and 1/3 the width (built by Johan Huibers)
- **ark replica #2**, another view

- Heb. 11:6 we must have faith like Noah to please God, believe He's a rewarded of those who diligently seek Him
